

REMARKS/ARGUMENTS

Favorable reconsideration of this application as presently amended and in light of the following discussion is respectfully requested.

Claims 1-14 are presently pending in this case. Claims 1, 3-5, and 10 are amended by the present amendment. As amended Claims 1, 3-5, and 10 are supported by the original disclosure,<sup>1</sup> no new matter is added.

In the outstanding Official Action, Claims 1-14 were rejected under 35 U.S.C. §103(a) as unpatentable over Dworkin (U.S. Patent Application Publication No. 20020071540) in view of Dailey et al. (U.S. Patent No. 6,363,352, hereinafter “Dailey”) and Achacoso et al. (U.S. Patent Application Publication No. 20060090013, hereinafter “Achacoso”).

Applicant acknowledges with appreciation the indication that the proposed combination does not describe the use of reservation information including a channel selection as provided in the telephone interview between Applicant’s representative and Examiner Huynh on November 30, 2009. Accordingly, the pending independent claims are amended to include this subject matter. Therefore, the pending claims are believed to patentably define over the proposed combination for this reason and for the reasons described in the Appeal Brief filed August 26, 2009.

---

<sup>1</sup>See e.g. Figure 10.

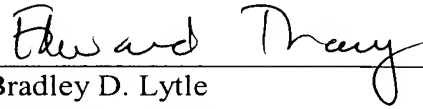

Application No. 10/067,304  
Amendment

Accordingly, the pending claims are believed to be in condition for formal allowance.

An early and favorable action to that effect is respectfully requested.

Respectfully submitted,

OBLON, SPIVAK, McCLELLAND,  
MAIER & NEUSTADT, L.L.P.
